The Power of Meditation and Silent Prayer

Meditation is central to Easwaran's philosophy. He advocates for a method called Passage Meditation, where one silently repeats a memorized inspirational passage to calm the mind and cultivate positive qualities.

An Easwaran thought for the day often highlights the importance of this practice:

Cultivating Patience and Perseverance

Another frequent motif is patience—the ability to endure difficulties with grace and without frustration. Easwaran encourages us to view patience not as passive waiting but as active strength.
