How to Set Up Your American Hunter Feeder

Timer

Setting up the feeder timer properly is crucial to ensure it functions as expected. The process generally involves installing batteries, programming feeding times, and testing the feeder.

Step-by-Step Setup Instructions

1. ****Install Batteries:**** Open the timer compartment and insert fresh batteries, typically C or D cells, depending on your model. Ensure they are installed according to polarity markings.

5. ****Test the Feeder:**** After programming, manually trigger a feed cycle to verify that the timer operates the feeder correctly.
6. ****Mount the Feeder:**** Secure the feeder in your chosen location, making sure it's stable and accessible for refilling.

Tips for Optimal Timer Programming
