What Not to Put in Your Garbage Disposal

To maintain optimal performance, steer clear of:

- Grease, oils, and fats (they can solidify and block pipes)
- Non-food items (plastic, glass, metal)
- Large bones or shells
- Stringy vegetables or fruit peels
- Potato peels (can turn into a paste and clog the unit)

Following these guidelines from the ASD 1250 garbage disposal manual will keep your kitchen running smoothly and reduce costly repairs.
